DIARY NOTES

25X1A DD/S [redacted] 17 June 1965

1. At the Executive Committee Meeting this morning:

25X1A6a a. I reported that the Personnel Officers Conference was being held at the [redacted] today and tomorrow. The Director seemed very interested.

b. I also reported on our military ready reserve program and tried to make clear to the Director that, even though he might hear about a blast by the Secretary of Defense against civilian Federal agencies, we had made our peace with the Secretary on this score.

c. Ray Cline presented a Top Secret paper entitled "Current Situation and Options in South Vietnam." The Director asked everyone to read this report and to give his comments to Ray by Monday, 21 June, so that Ray can report to him on Tuesday.

d. Mr. Kirkpatrick said that he has not yet received from the Deputy Directors the names of those people who will work on the "long-range plan." Since these people will start work full time next Monday, 21 June, he asked that their names be submitted promptly.

2. John Clarke telephoned to say that he felt the Financial Policy and Budget Committee should not consider the Automatic Data Processing Committee report next Monday because it is long and controversial and the FPBC members will not have had time to read it. I agreed and suggested that he ensure that the members have time to read it before it is put on the agenda.

4. The Director talked to me about buying a Chrysler and said that he thought he might be able to get a good buy from Mr. Morrow, one of his great friends in the Chrysler Corporation. He telephoned Mr. Morrow, who said he could sell the Agency a Chrysler limousine for $19,000. Since a Cadillac costs $8,400 and a Lincoln Continental costs $12,000, I assume that we won't buy a Chrysler!
